THE INDIAN TRUST FUNDS

The President's Connection with the Alleged Diversion Explained by Attorney General Moody.

ACTION JUSTIFIED BY THE LAW.

Declaration of Congress as to Policy of Government in the Use of Public Monies for Sectarian Purposes Did Not Repeal Previous Laws Upon the Subject Which Conferred Certain Powers.

Washington, Feb. 4.—President Roosevelt's connection with the diversion of Indian trust funds to the support of Catholic mission schools is explained and justified in a communication addressed to the president by Attorney General Moody which was filed with the senate committee on Indian affairs by William H. Ketcham, director of the bureau of Catholic Indian missions.

Father Ketcham appeared before the committee to defend his bureau against the charges that it has been using undue and political influences to secure the use of trust funds for Catholic schools.

Mr. Moody's communication, dated February 25, 1905, sets forth the record of a cabinet meeting held in January, 1904, when the question of the use of Indian funds for sectarian schools was discussed and the president asked for an opinion as to his authority to direct that contracts be made for the use of such funds by denominational educational institutions. Senator Knox, then attorney general, decided that the action of congress in declaring it to be the policy of the government not to permit the use of the public monies of the American people for sectarian purposes did not repeal previous laws giving to the secretary of the interior discretion to use the Indian funds in any manner he saw fit. Certain laws were cited to direct attention to the president's authority in that regard.

At the cabinet meeting Friday Secretary Hitchcock took up the subject of the use of Indian trust funds for the benefit of sectarian schools. Francis E. Leupp, commissioner of Indian affairs, was called into the conference. It is said a statement will be issued in a few days regarding the matter.

Texas' New Divorce Law.

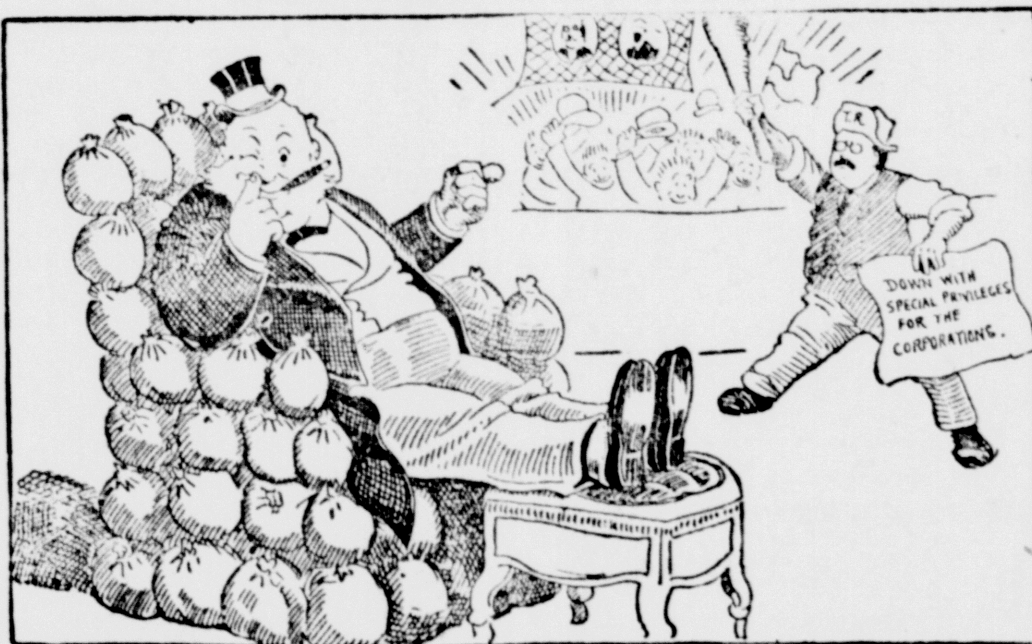

Austin, Tex., Feb. 4.—The lower house of the state legislature has passed the senate bill forcing persons giving ground for action in divorce cases to remain single for three years, the other parties to the divorce to remain single one year. This is the culmination of the crusade which has been waged against divorce for some time.

Sentry Shot a Robber.

New York, Feb. 4.—James Sebery, one of four men caught in the act of robbing the Brooklyn navy yard of copper pipe, was shot and instantly killed by Private Laurence T. Milton, a sentry. Sebery's three companions escaped. The men refused to halt when ordered to do so by Milton.

THE ILLEGAL TRUST IS BEGINNING TO WAKE UP TO AN UNPLEASANT FACT.

At the Present Time—"Great Guns! I Believe He's Really in Earnest."

DAIRYMEN MISBEHAVE

At the Iowa State Meeting at Mason City They Caused a Reign of Terror.

Mason City, Ia., Feb. 4.—Harry Norwood is in a serious condition. A drunken mob here attending the national butter makers' and state dairy conventions took possession of the Wilson hotel, broke the furniture and smashed in the doors, so that the occupants of rooms were compelled to barricade their doors. The police and hotel employees were powerless. Norwood was seized by the mob, forced into a small room, trampled and pounded into insensibility. Howard and W. S. Reynolds, connected with James B. Rowland & Co., New York dairy commissionaires, were placed under arrest, taken before Norwood and identified as his assailants. Both are prominent. They were placed under \$10,000 bonds, and will appear Saturday for a preliminary hearing.

Iowa Dairymen Elect Officers.

Mason City, Ia., Feb. 4.—Five hundred delegates attended the Iowa state dairymen's convention here. S. B. Schilling of Mason City was elected to succeed himself for the fourth term as president. P. H. Eifer of Manchester was chosen secretary and Frank M. Brown of Cedar Rapids treasurer.

COLD CAUSES SUFFERING.

Pittsburg, Pa., a Natural Gas Shortage Added to the Hardships of the People.

Pittsburg, Pa., Feb. 4.—The coldest weather in six years was experienced Friday in this city and vicinity when the thermometer in outlying districts reached 16 degrees below zero. Owing to a bad break in a gas main in West Virginia a gas shortage was general all over the county and intense suffering resulted. A number of manufacturing plants were obliged to quit work on account of the cold and inability to raise steam. A number of schools were compelled to close.

The upper and lower mills of the Carnegie Steel company closed down on account of no gas and 1,000 men were sent home. Coal and river interests are paralyzed by the cold weather. The rivers are frozen over, necessitating the closing of all the river mines. Thousands of miners are affected.

Blizzard at Muskogee, I. T.

Muskogee, I. T., Feb. 4.—A fierce blizzard struck this section of the territory Thursday night. Fine snow fell freely and was driven through the air by a 35-mile-per-hour wind, causing great suffering to stock and making travel impossible. Friday two inches of snow covered the ground, the heaviest fall ever recorded here.

Coldest Spot in America.

Kansas City, Mo., Feb. 4.—The thermometer registered 14 below in Kansas City yesterday, the coldest since 1899, when it was 22. The coldest spot in the United States to-day was at Glendive, Mont., where 53 degrees below zero was reported.

Six Inches of Snow at Topeka.

Topeka, Kan., Feb. 4.—The temperature here averaged six degrees below zero Thursday night. The lowest was eight degrees below. The country is covered with six inches of snow and street car service here is delayed.

THE CASE OF THE SANTA FE

The Interstate Commerce Commission Arraigns the Railroad for Violations of the Law.

WERE FLAGRANT, WILFUL, CONTINUOUS

The Commission Also Declares the Colorado Fuel & Iron Company Were Equally Guilty—Rebates Have Been in Force for the Past Five Years—El Paso & Southwestern Railroad Implicated.

Washington, Feb. 4.—"Flagrant, wilful and continuous violations" of the law during the past five years is the way in which the Atchison, Topeka & Santa Fe railroad is arraigned in a decision promulgated Friday by the interstate commerce commission on the "alleged unlawful rates and practices" of that road in the transportation of coal and mine supplies, involving also the Colorado Fuel & Iron company. The main points of the decision, summarizing the way in which it is alleged the law has been violated and disregarded are as follows:

"The act to regulate commerce requires carriers to publish and adhere to their tariffs. The Atchison, Topeka & Santa Fe Railway company has for the last five years wilfully and continuously violated this provision of the law in the respects above stated.

"February 19, 1903, the so-called 'Elkins bill' was enacted, providing that carriers should in no case transport traffic until a tariff had been published, and that the published tariff should be observed, and providing a penalty of not less than \$1,000 nor more than \$20,000 for each offense. The provisions of this statute extend both to the railway company which grants and the party which receives the concession. Both the Santa Fe and the Colorado Fuel & Iron company systematically and continuously violated the provisions of that act in the particulars mentioned from the day of its passage down to November 27, 1904, when the tariffs under which this coal moved were reduced in all cases \$1.15. It would seem that the El Paso & Southwestern railroad was also in violation of the same statute during that period, but that company was not a party to this proceeding and has not been heard.

"It should be further observed that on March 25, 1902, the United States circuit court, in a suit begun at the instance and request of the interstate commerce commission enjoining the Atchison, Topeka & Santa Fe Railway company to observe in all respects its published schedules of rates. That company from the date of this injunction down to November 27, 1904, was apparently in continuous disregard of that order of court in its failure to maintain these coal tariffs."

Rapture with Venezuela Imminent.

Washington, Feb. 4.—Dispatches received at the state department from the United States minister in Caracas, Mr. Bowen, indicate that the rapture with Venezuela which President Roosevelt has been trying to avoid is imminent. Mr. Bowen has recommended that he be recalled and that diplomatic relations with Venezuela be severed.

New Monetary System in West Indies.

St. Thomas, Danish West Indies, Feb. 4.—The new Danish West Indian national bank was opened here Friday. Simultaneously the new monetary system of the Danish West Indies went into effect, francs and their fractions, styled bits, replacing the present dollars and cents currency.

A Fifty-Mile Gorge.

Evansville, Ind., Feb. 4.—The worst condition in many years prevails on the lower Ohio river. The gorge at Cloverport, Ky., which formed the first of the week, is growing in size hourly and is said to be almost 50 miles in length.

Now Its Nebraska.

Lincoln, Neb., Feb. 4.—Speaker Rouse, of the Nebraska house, has appointed a committee of six members to investigate and report on charges of undue influence being exercised by an alleged railroad lobbyist.

Throws Child to Save Life.

St. Joseph, Mich., Feb. 4.—To save his child from death in flames Clarence Lowe threw it through a pane of glass into the street.

Price of Refined Oil Reduced.

Cleveland, O., Feb. 4.—The Standard Oil company has reduced the price on all grades of refined oil one cent per gallon.

FIRE IN EAST ST. LOUIS.

Six of the Largest Office and Store Buildings in the City Destroyed—Loss, \$260,000.

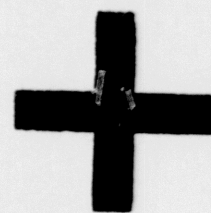

East St. Louis, Ill., Feb. 4.—Six of the largest office and store buildings here were destroyed or badly damaged by fire Friday, and several persons were injured. The property loss is estimated at \$260,000, partially covered by insurance. All the available fire-fighting apparatus in the city was called out, and finally a call for assistance was sent to St. Louis. The intense cold greatly impeded the firemen.

Not to Buy Coal Mines.

Berlin, Feb. 4.—Commerce Minister Moeller says that the Prussian government does not intend to buy the coal mines in both Rhenish-Westphalian and the Silesian regions and that his position now towards state ownership of the fields is precisely what it was during the negotiations to acquire the Hibernia mines—that the government ought to have a seat in the coal syndicate.

KANSAS LAWMAKERS.

New State Depository Bill Prepared—Gov. Hoch Opposed to State Oil Refinery Notes

Topeka, Kan., Feb. 4.—Gov. Hoch is not in favor of the establishment of a big state oil refinery—not now, at least. He believes the Standard oil trust can be curbed in other ways and is willing to try them first. If it is found that the other remedies will not work, then he says he would favor a state refinery for commercial purposes. However, until the plan of state control is tested and found inadequate he does not care to plunge the people into the expense of constructing a big refinery.

The state board of agriculture, at its recent annual meeting, adopted a resolution urging that as Kansas is an agricultural state, agriculture should be included in the common school curriculum. In response to this Senator Smith introduced in the senate a bill making agriculture a part of the course of study of common schools and requiring it to be taught.

The committee on banks and banking has prepared a state depository bill which will no doubt become the administration measure. The bill provides for monthly payment of state taxes by county treasurers to the state treasurer and creates a board of treasury examiners consisting of the governor, secretary of state and auditor. This board shall on the first Monday of May, 1905, and each two years thereafter receive sealed proposals from banks doing business in Kansas for the deposit of state funds. No bank in which the state treasurer or any member of the examining board is interested may be selected as a depository. At the biennial meeting not less than ten depositories shall be selected, none of them to be awarded a sum greater than 50 per cent. of its paid-up capital, and no banks to be designated as a depository for more than \$100,000. The state treasurer is made secretary of the examining board, but has no part in the making of awards. The rate of interest to be paid on daily balances shall not be less than two per cent. and the interest payment shall be made monthly. A new feature of the bill is that all checks or drafts drawn on a depository by the state treasurer must be countersigned by the auditor. The bill takes the matter of collection of interest coupons on bonds belonging to the permanent school fund out of the hands of the state treasurer, although he remains the custodian of the bonds. As the coupons become due he shall deposit them with a state depository for collection. Under the provisions of the act the state treasurer is not to be responsible for money in a depository while it is on deposit.

Provision is made for the erection of a state printing plant in one of the bills introduced by the house ways and means committee. The bill provides that the site shall be purchased and the building erected under the direction of a state commission to be appointed by the governor. The commission is limited to \$5,000 for the purchase of the site and to \$30,000 for the purchase of or erection of a plant.

If the bill introduced by Mr. Adams in the house becomes a law life insurance companies cannot evade payment of a claim because the insured person commits suicide. The bill is indorsed by the state superintendent of insurance.

The Impeachment Case Again.

Washington, Feb. 4.—The senate resumed the impeachment case of Judge Swayne Friday. An order for method of procedure was adopted. John M. Thurston, counsel for Judge Swayne, then read the latter's answer to articles of impeachment. The answer was a lengthy document.

The special stock yards committees of the Kansas and the Missouri legislatures will meet in Kansas City next Tuesday.

WILE SNAKE LEADERS.

Watched the Mails and Sent Certificates Back.

Muskogee, I. T., Feb. 3.—A peculiar situation confronts the United States Indian agent here and the department of the Interior at Washington.

Some few days ago the department of the interior received a parcel of allotment certificates belonging to the Snake faction of the Creek Indians, and also some Choctaws, saving in transmittal that they were not wanted. The department immediately returned the same to the United States Indian agent, with instructions to investigate the matter thoroughly. The agent sent Mr. Cusey, an attaché of the agent's office, to see what he could find out. Today he received word from Cusey that he had succeeded in finding twenty-six of the Indians to whom the certificates belonged. They informed Mr. Cusey that they had been watching the postoffice daily, waiting for the certificates, and wanted them badly, and could not account for them being sent to the department. Upon further inquiry, Mr. Cusey learned that a number of the leaders of the Snake faction of the Creek Indians had been quietly working among these Indians and watching the office for the certificates, and returned the same on their own accord to make it appear that the Indians in question did not want their allotment certificates, and perhaps could start another uprising, this time among the erstwhile peaceable Choctaw Indian.

Further developments are expected of a sensational nature, and in the meantime the agent will keep an eye on the Snake band.

Madill to Have Electric Light Plant.

Madill, I. T., Feb. 3.—W. F. Porter, of Wisconsin, left yesterday for Tishomingo, after having investigated Madill as a field for electric light plant. After canvassing the town to ascertain the number of lights that would be contracted for, Mr. Porter announced that if he could get a franchise from the city council he would put in a plant in the near future. The franchise proposition was submitted to the city council at its Tuesday afternoon regular session, but no action was taken as to its passage, the council deferring such action until next Tuesday's meeting, when it is the intention to pass the same.

Baby Burned to Death.

South McAlester, I. T., Feb. 3.—Thursday night about 6:45 o'clock at Hallettsville, I. T., Mrs. L. D. Hilday, who lives in the western part of town, tucked some cover and her little six-months-old baby, in the baby buggy, which was standing near the stove, while she went into the other room to prepare supper. When she returned she found the buggy afire and the child burned nearly to death. The doctor was immediately called, but it was too late, and the baby died a few hours later.

McLISH FIGHTING BIG FEE.

He Institutes Proceedings to Stop Payment.

Washington, Feb. 3.—Summons today were served on Secretary of the Treasury Shaw, Secretary of Interior Hitchcock and United States Treasurer Roberts in proceedings instituted against them by Richard M. Lish, a Choctaw Indian, to enjoin them from drawing and paying warrants to satisfy the award of a fee of \$750,000 to the law firm of Mc Murray, Mansfield & Cornish of South McAlester, I. T., for services in "purifying" the citizenship rolls of the Choctaw Indians. The award was made under authority of an act of congress. McLish charged that the firm secured this fee by fraudulently concealing and withholding the fact that the firm had already been paid salaries aggregating \$50,000 a year for their services and sums aggregating approximately \$200,000 for their expenses etc. He alleged that the citizenship cases on account of which the fee had been allowed are not yet finally determined, and that the rights to enrollment of the Chickasaw and Choctaw Indians' funds are not finally settled.

Building New Bridges.

Charles E. Gordon, assistant engineer of the geological department, and who has charge of the building of all the bridges in the new counties of Kiowa, Caddo and Comanche, was in the city recently. While here he arranged for three bridge building crews to begin on as many bridges.

Six Inches of Snow.

Thomas, O. T., Feb. 3.—Custer county is covered with six inches of snow. The thermometer was six below this morning and has been at zero all day. Wheat prospects were never better. Western Oklahoma never had so much snow and cold weather before.

Rumbles From the South Side.

Five of the applicants for the vacancy in the public school went on an excursion Monday afternoon at four o'clock.

The Ada waterworks caught fire Friday afternoon, creating quite an excitement among the ladies in that vicinity. It was found that the mains were not not doing their duty and had been tarred, feathered and set on fire.

We learn that one of the small boys of the Ada public school was sent home on account of poor lessons and bad behavior. Oh, for teachers that can use switches and not have nervous prostration at the slightest noise.

L. T. Wilson, a cotton buyer of Ada, was considerably burned on the face one morning this week on account of kindling fires with coal oil. He says his hair is cut in the latest style, a la pompadour, eye lashes, a la Chinaman; mustache, a la Frenchman. He'll not patronize a barbershop soon.

A gentleman in our neighborhood is so very nice to his better half he is putting in water pipes from the well to the lot so that so that she can water the stock during the bad weather.

So Long.

Boy Not Dead Yet.

The report that a boy was fatally hurt in the North Ada school is not true. On Friday a week ago yesterday a boy was accidentally but not seriously hurt in play. On Monday following he was in school and has attended all the week. I am glad to correct the impression that he was killed.

J. R. Hendrix, Supt.

Your Taxes Are Due.

Notice is hereby given that all taxes assessed by the city of Ada are now due and the undersigned asks that all persons to call at the collector's office and make settlement. The rate is 2 per cent divided as follows: General fund, 4 1/2. Sinking fund, 6 1/2. School fund, 9.

After the 10th day of February, the legal penalty for non-payment of 15 per cent, will be added to all taxes unpaid at that time. Come in and avoid the penalty.

You will find the collector at the office of the Ada Lumber Co. G. P. Johnson, City Tax Collector. 178 10t

Two Essential Qualities

Characterize our lines of shoes. One is to see, but hard to describe—that's Style. The other is easy to describe but hard to see—that's Construction. The first produces good appearance, the second preserves it.

CHAPMAN

Territory Notes.

A \$15,000 stock company is being organized in Vinita to build an opera house.

Charles Williams, a negro of Vinita, shot and killed his wife Monday night, and escaped the officers.

A brass band has been organized at Pryor Creek, and when practicing makes so much noise that it can be heard all over town.

The Tulsa city council has bought a site for a new city hall, fire department and jail. It is located in the same block with the Christian church and there has been a protest made.

The chief of police of South McAlester is busy these days locating property owners who have failed to build sidewalks in compliance with the district improvement ordinance recently passed by the council.

A big poultry exhibit is to be held at Durant on February 7, 8 and 9, at which time the Indian Territory Poultry Association will be organized. It is expected that exhibits will be placed from all over the Territory and North Texas.

Edwin "Cyclone" Souther.

Edwin "Cyclone" Souther will appear at the opera house Monday night Feb. 6, as the last number on the lyceum course. His subject will be, "If I were the Devil," in which he appears in full costume of the Devil.

"Edwin 'Cyclone' Souther stands alone, pre-eminently, in his marvelous breadth of survey, matchless and incomparable oratory, grim, cynical and Mephistophelian humor, and soul-stirring powers of description. His scathing reply to Ziegler, who criticized the characters of certain American ladies and gentlemen, is remembered as the most sublime, heart thrilling and beautiful of our country, that ever emanated from the lips of mortal man." Tickets at Clark's. Adults 50c. Children 25c.

They Like the Plan.

Nineteen Ada people took advantage today of our \$1.00 rate for three months' subscription to the Evening News, and with each \$1.00 went a ticket though the mails entitling them to a chance on the fine sewing machine we are going to give away on election day.

Get in on this proposition. You may be the lucky person, and you will have your paper bill paid for three months, save 20 cents in the operation and will not be bothered by the newsboys collecting.

THE SCENIC ROUTE

It takes penetrate the fertile States of:

MISSOURI,
ARKANSAS,
KANSAS,
OKLAHOMA,
INDIAN TERRITORY,
TEXAS and the
SOUTHWEST,
TENNESSEE,
MISSISSIPPI,
ALABAMA and the
SOUTHEAST

It reaches the rich farming lands of Kansas and Oklahoma, the mineral fields of Southern Missouri and Northern Arkansas, the cotton fields of the South and Southwest, the oil fields of Kansas and the Indian Territory, and hundreds of other industrial places of interest and profit to the home seeker and investor. And, not least, it will carry you to the famous south resorts of the Ozarks.

THE RUSSIAN SITUATION

Renewed Disorders Reported from Poland Where a Conflict Between Troops and Strikers Occurred.

STRIKES SPREAD TO COAL DISTRICTS.

Serious Effects on the Industrial Situation Feared if Mines Are Closed Down—Combined Casualties in Recent Battle Placed at 17,000—Positions of Armies Not Materially Altered.

[Renewed disorders have occurred at Lodz, in Russian Poland, where a conflict between troops and strikers resulted in the killing of six persons and the wounding of 48. The disorders resulted from an attempt on the part of the strikers to prevent some men from returning to work. The troops were called out and fired into the strikers, who replied with revolver shots. Strikes were begun in the coal-mining districts of Dombrowa and Sosnowice. As many important manufacturing centers are dependent on these mines for fuel, it is feared that the strike will have a serious effect on the industrial situation. According to the best information obtainable, more than 300 persons have been killed during the disturbances in Warsaw. A dispatch from St. Petersburg says that the report that Maxim Gorky was released, proves to be premature. Detailed dispatches relating to the fighting along the Shakh river January 25-29 show that the engagement was of larger proportions than earlier reports indicated. Field Marshal Oyama reports that his losses were 7,000, while he estimates the Russian casualties at 10,000. The actual result of the fighting is not yet defined beyond the fact that it has not materially altered the positions of the two extensive lines and that the Russian attempt to advance was checked.]

Concerned Their Battles.

Mukden, Feb. 1.—(Delayed in transmission.)—All the natives of Holantai and Fuchichuang who were let through the lines during the Russian occupation, arrived at Mukden on January 37, except a few who were killed in battle. The impression is general among the Russian troops on the right flank that either Gen. Nodzu or Gen. Nogi was present at Sandiapu, where the Russians ascribe their greatest losses to cleverly-concealed batteries behind the main works. The Japanese withdrew from their outworks at Sandiapu, which at one time the Russians occupied.

Gen. Mischchenko was still advancing, carrying out a flanking movement intending to cut the railway north of Liaoyang and was taking out-post after out-post with prisoners when the order to retire came.

Although intrenched the infantry was more than successfully combatted by the cavalry as has happened heretofore.

Conditions in Poland.

Warsaw, Feb. 4.—Serious disorders have broken out at Lodz where 25,000 men are striking. Some of the employees of a lace factory attempted to return to work and the remainder forcibly prevented them. A strong military patrol was summoned and attacked and fired at the strikers who replied with revolver shots. Six persons were killed and 48 wounded. Strikes have been started in the coal districts of Dombrowa and Sosnowice. It is feared they will have a serious effect on the industrial situation generally. Warsaw, Lodz and other important manufacturing centers being entirely dependent for their coal supply on these districts.

According to the best information obtainable the official list of persons killed during the disturbances here contains over 300 names in addition to many unidentified bodies lying at the receiving vault in the cemetery. The unidentified dead will be buried tonight.

A group of soldiers outside a liquor store last night fired on passers-by without warning, killed a shop-keeper and wounded another man.

Gripenberg Asks to Be Relieved.

St. Petersburg, Feb. 4.—It is rumored that Lieut. Gen. Gripenberg has asked to be relieved of his command. The Associated press is unable to obtain a confirmation or a denial at the war office. According to the version prevalent in military circles Gen. Gripenberg telegraphed direct to the emperor requesting to be relieved because of the alleged failure of Gen. Kuropatkin to afford him proper support in the operations against Sandepas.

Russian Fleets to Sea.

Jibuti, French Somaliland, Feb. 4.—The division of the second Russian Pacific squadron, commanded by Rear Admiral Botrovsky, consisting of four cruisers and three torpedo boat destroyers, sailed from here yesterday to join the warships commanded by Vice Admiral Rojestvensky, off the island of Madagascar. Eighteen German colliers will follow Admiral Botrovsky's division.

No Result on Fifteenth Ballot.

Jefferson City, Mo., Feb. 4.—One ballot, the 15th, for United States senator to succeed Francis M. Cockrell, was taken in joint session Friday without result, and the adjournment was until Monday noon. The total vote cast was 152, showing no change along the contest lines.

Entertained by Emperor William.

Berlin, Feb. 4.—Emperor William entertained Ambassador Tower and Allison V. Armour of New York at a small dinner given at the palace Thursday night. The emperor was uncommonly animated and detained his guests in conversation until midnight.

MINOR NEWS ITEMS.

Ex-Postmaster General John Wamaker is seriously ill at Palm Beach, Fla.

Four big railroad companies entering Detroit, Mich., will build a tunnel under Detroit river.

Fire destroyed the home of Isaac Webb at Greenwood, Mich., and two of Webb's small children.

A Washington dispatch says the president is looking for a \$100,000 man to construct the Panama canal.

A railroad company with \$5,000,000 capital has been chartered to build a line from Enid, Ok., to Dawson, N. M.

There are 302,502 employees of the post office department in the United States, of whom 35,000 are rural free delivery carriers.

"Military necessity recognizes no laws, either civil or social," says Adj. Gen. Sherman M. Bell, of Colorado, in his biennial report.

Dr. W. B. Texts, who is dead at Lexington, Mo., conducted a drug store there 48 years. He was born at Boonville, Mo., 71 years ago.

J. G. Kimball, of Logan, Utah, general secretary of the Mormon church, denies the report that he defended polygamy in a public address.

S. F. Hackett, of Marion, Kan., has been appointed special judge in the Southern district of Indian territory to have charge of probate matters.

The Illinois chapter, Daughters of the American Revolution, will support Mrs. C. H. Deere, of Moline, present state regent, for national regent.

The annual meeting of the American Breeders' association is being held at the University of Illinois, Champaign. The session yesterday was presided over by Prof. Oscar Erf, of Manhattan, Kan.

Representative Williams, of Mississippi, introduced a bill admitting all products of the Philippine islands free of import duty in ports of the United States and free of export duties in the Philippines.

Have Orders Six Months Ahead.

Chicago, Feb. 4.—The Iron and Machinery World says: If not another order is received by the nail and wire product, and the iron and steel pipe mills throughout the west, they will be kept busy for the next five or six months to fill present orders. The price of all the products named has advanced \$1 a ton during the last week, making a total advance of \$4 on nails and wire products since last October.

Established 1893 Twelve Years Incorporated 1894

**Indianola
Business College**

WE HAVE 19 BOYS IN BANKS IN TWO TERRITORIES

This is the oldest and the only Incorporated Business College in Oklahoma occupying their own building and a campus of five acres. We have the largest daily attendance and more boys and girls holding positions than any business college in Oklahoma. You can enter any time; no vacation. School open day and night. BOARD, ROOM, FIRE AND LIGHTS \$10 PER MONTH. Write for Catalogue.

Mention this paper when writing. **TECUMSEH, O. T.**

Given Away!

locked box in this office and the other will be retained by the subscriber. On Tuesday, April 4, at 1 o'clock p. m., the tickets will be thoroughly shaken up and the Fifth Ticket drawn from the box by an uninterested, blindfolded person, will take the machine.

Can anything be fairer? The machine is guaranteed for five years, is a drophead pattern, ball bearing throughout, has a complete set of attachments, including tuckers, hemmers, fellers, embroiderers and ruffler. It will sew fabrics from the finest muslins, cambrics and linens, to the heavy woolen ticking, bagging, coats, trousers and heavy clothing generally. The machine has an automatic arrangement whereby the head rises and lowers automatically as the sewing table or top of the machine is opened or closed. It is strongly built and is the acme of perfection for all classes of sewing. It can be seen in the News office and can be tested as to its smoothness of running, its noiseless motion and its capability of doing the work.

All we ask is that you pay \$1.00 for a THREE MONTHS' subscription to your home daily paper. You have the opportunity of getting your local paper with all the home and foreign news for three months and a guaranteed high class sewing machine that will last you a life time. We have bought the machine of a home dealer and offer you the latest device in a sewing machine.

The subscription of \$1.00 for three months will be taken where paper is sent out of town by mail or delivered by carrier. We have no restrictions, except that cash to the amount of \$1.00 will be necessary to get in on this proposition. We are absolutely going to give the machine away, and in doing so save you 20c on your three months' paper bill. Advance your own subscription and send one to a friend. It will keep them in touch with the Ada country and will be better than a letter each day.
